Asansol Engineering College (AEC) Scholarships & Financial Assistance

Topic-wise Questions and Answers

Compiled for chatbot / student-help use

Please note: AEC's own scholarship policy document is labelled **Academic Session 2024-25**. Treat the benefits below as the published policy for that session, not a guarantee that every benefit is unchanged for 2026-27. Government scheme windows, amounts and rules change each year - always confirm with AEC and the official portal.

1. AEC's Own Scholarships (Institutional)

Q1. What is the Sibling Scholarship Scheme?

- **Benefit:** 20% reduction in tuition fee.
- **Who may qualify:** An immediate sibling of a current or former AEC student.
- **Programmes listed:** BBA, BCA, MCA, B.Tech and M.Tech.
- **Documents:** Proof of the sibling relationship.
- **Limit:** Reservation of 5% of approved intake, allocated first-come, first-served.
- **Current status:** Published in the 2024-25 policy; reconfirm availability and rules with AEC.

Q2. What is the Employee Scholarship Scheme and how much is the scholarship?

For eligible children or immediate siblings of permanent AEC employees who meet the stated service requirements. The tuition-fee scholarship depends on the employee's continuous service:

Employee's continuous service	Tuition-fee scholarship
3-5 years	10%
More than 5-10 years	15%
More than 10-15 years	25%
More than 15 years	40%

- The employee must have at least three years of continuous service as of 30 June of the relevant academic session.
- Only one child/immediate sibling of the employee may receive the benefit.
- **Programmes listed:** BBA, BCA, MCA, B.Tech and M.Tech.
- **Current status:** Published for 2024-25; obtain current confirmation.

Q3. What is the Alumni Scholarship Scheme?

- **Benefit:** 20% reduction in tuition fee.
- **Who may qualify:** An AEC graduate admitted to a second degree programme at AEC.
- **Transitions specifically listed:** BCA to MCA and B.Tech to M.Tech.
- **Limit:** 5% of approved intake, first-come, first-served.
- **Current status:** Published for 2024-25; reconfirm current availability.

Q4. What is the B.Tech Topper Scholarship for M.Tech?

- **Benefit:** Full tuition-fee waiver.
- **Who may qualify:** The four-year B.Tech topper of any stream at AEC who chooses to pursue M.Tech at AEC.
- **Current status:** Published in the 2024-25 policy. Current topper-selection rules and eligibility should be confirmed with the college.

Q5. What is the Core Branch Scholarship?

- **Benefit:** ₹10,000 per semester.
- **B.Tech programmes listed:** Civil, Mechanical and Electrical Engineering.
- **Eligibility route:** WBJEE or JEE Main rank.
- **Lateral-entry route:** Diploma-to-B.Tech lateral-entry students in Civil, Mechanical or Electrical Engineering with a JELET rank are also listed.
- **Limit:** The policy describes a 5% approved-intake allocation for top rank holders.
- **Current status:** Published for 2024-25; the current rank cut-off and application process are not confirmed.

Source for all five schemes: AEC's Scholarship Policy (Academic Session 2024-25).

2. Government Scholarships Supported by or Relevant to AEC Students

Q6. What is the Swami Vivekananda Merit-cum-Means Scholarship (SVMCM)?

AEC scholarship committee identified. The AEC notice dated 28 August 2025 names nodal officers for SVMCM applications across several programmes (CSE, ECE, EE, IT, Mechanical, Civil, MCA, BCA, CSBS and AI/ML). This is direct evidence that AEC was supporting the scheme for academic year 2025-26.

- **Purpose:** Financial assistance for meritorious students from economically weaker families in West Bengal.
- **Typical UG engineering eligibility:** West Bengal domicile, at least 60% in the qualifying examination, and annual family income not exceeding ₹2.5 lakh, subject to the applicable rules.
- **Postgraduate engineering:** Official guidelines specify at least 55% in graduation for the engineering/technology category.
- **Published scholarship rate:** ₹5,000 per month for eligible UG engineering, PG engineering and other listed AICTE-approved professional courses.
- **Renewal:** Depends on satisfactory academic performance, passing examinations and submitting renewal documents.
- **Documents generally required:** Qualifying-exam marksheets, admission receipt, income certificate, domicile proof and bank account details; the portal specifies the exact checklist.
- **Application:** Online through the official SVMCM portal.

The official portal also says that recipients generally cannot simultaneously receive another central or state government scholarship or stipend for the same course/stage, subject to its stated exceptions. Always check the latest rules before combining schemes.

Q7. What is the OASIS Post-Matric Scholarship (SC, ST and OBC)?

AEC scholarship committee identified. AEC's 2025-26 scholarship committee notice names an OASIS nodal officer for SC/ST/OBC scholarship assistance.

- **Purpose:** Financial assistance for eligible students from Scheduled Caste, Scheduled Tribe and Other Backward Class communities.
- **Who may qualify:** Students in the applicable category who satisfy the scheme's domicile, course, income and other requirements.
- **Benefit:** Depends on category, course level and current government rules; do not use a single fixed amount for all students.
- **Documents to prepare:** Caste certificate, domicile/residence proof, income certificate, admission proof, marksheets, bank details and other documents requested by the portal.
- **Application:** Through the official OASIS scholarship portal.
- **Important:** Category-specific income limits and scholarship amounts must be verified against the current scheme notification. AEC's nodal officer can confirm the institution-side process.

Q8. What are the Aikyashree minority scholarship schemes?

Aikyashree is a West Bengal minority-student scholarship programme. The state's guidance includes schemes for minority students, including post-matric and merit-cum-means support for technical/professional courses.

- **Who may qualify:** Eligible minority-community students meeting the relevant scheme's domicile, marks, income and course requirements.

- **Possible categories:** Post-Matric Scholarship, Merit-cum-Means Scholarship and Talent Support Programme, depending on the student's circumstances and the current rules.
- **Benefit:** Varies by scheme and course; check the exact current amount on the official portal.
- **Documents:** Minority/community declaration or certificate as required, marksheets, income certificate, admission proof, bank details and other documents specified by the scheme.
- **Application:** Through the West Bengal Minority Development and Finance Corporation scholarship portal.

Important: SVMCM applications by minority students may follow a dedicated process through the minority scholarship portal. Students should follow the route shown by the current application portal rather than submitting duplicate applications blindly.

Q9. What is the West Bengal Freeship Scheme (WBFS)?

- **Purpose:** Tuition-fee relief for eligible undergraduate students in engineering, technology, pharmacy and architecture at self-financing private institutions in West Bengal.
- **Who may qualify:** West Bengal domicile, a state/national entrance-exam merit rank and annual family income not exceeding ₹2.5 lakh.
- **Benefit:** Tuition-fee waiver; other fees remain payable.
- **Important restriction:** Students selected for AICTE's Tuition Fee Waiver (TFW) or SVMCM are not eligible for WBFS.
- **Application:** The government publishes separate application windows and notifications.

The latest window found in the government source was for **2024-25**, with a listed deadline of 7 November 2025. That window has passed; an open 2026-27 application window could not be verified.

Q10. What is the Tuition Fee Waiver (TFW)?

TFW is a fee-waiver mechanism associated with eligible engineering admissions, rather than a general cash scholarship.

- **Purpose:** Reduce the tuition-fee burden for eligible students.
- **Eligibility:** Depends on the relevant admission authority, family-income requirements, rank and available TFW seats.
- **Benefit:** Tuition fee is waived; other charges may remain payable.
- **Application:** Students normally need to satisfy the relevant admission/counselling rules and select or be allotted an eligible TFW seat.
- **Important:** Do not assume every student can request TFW after admission. Confirm seat availability and rules for the relevant admission year.

Q11. What is Nabanna / Chief Minister's Relief Fund educational assistance?

- **Purpose:** Financial assistance for eligible West Bengal students who need support to continue their studies.
- **Published eligibility indicators:** Permanent West Bengal residence, study in an eligible institution in the state, and marks within the scheme's specified ranges. The current official page describes 50% or more but less than 60% at Madhyamik/Higher Secondary level, or 50% or more but less than 53% in graduation for postgraduate assistance, depending on the study level.
- **Benefit:** The amount and approval are subject to the current relief-fund rules.
- **Application:** Through the official Chief Minister's Relief Fund portal.
- **Current status:** The scheme is listed by the West Bengal education authorities, but a specific AEC institutional quota was not verified.

3. Other National Scholarships Worth Checking

These schemes are relevant to some engineering students, but **it could not be confirmed from the current AEC policy that each is available to every AEC programme or admission category**. Confirm institute/course eligibility and the current application notice before adding them to a chatbot as confirmed options.

Q12-16. Which national scholarships should students check, and who are they for?

Scholarship	Who it is intended for	Key benefit / condition
12. National Scholarship Portal (NSP) schemes	Students meeting the eligibility of an individual central-government scholarship	Benefits, income limits and marks criteria vary by scheme. NSP is a portal for multiple schemes, not one scholarship.
13. AICTE Pragati Scholarship	Eligible girl students in approved technical education programmes	AICTE's published FAQ describes assistance of up to ₹30,000 or actual tuition fees paid, whichever is less, with specified conditions.
14. AICTE Saksham Scholarship	Eligible specially-abled students in approved technical programmes	The published FAQ describes assistance of up to ₹30,000 or actual tuition fees paid, whichever is less, subject to the applicable rules.
15. AICTE Swanath Scholarship	Eligible students in specified vulnerable circumstances, including certain orphans, wards of parents who died due to COVID-19, and wards of armed-forces/CAPF personnel martyred in action, as defined by the scheme	Eligibility, approved institution requirements and current benefit must be checked in the relevant year's AICTE notification.
16. Prime Minister's Special Scholarship Scheme (PMSSS)	Eligible students from Jammu & Kashmir and Ladakh admitted through the scheme's prescribed process	Supports eligible students pursuing approved courses outside the region; it is not a general scholarship for all West Bengal students.

AICTE's published Pragati/Saksham FAQ describes the financial assistance and conditions for those schemes. The exact current application-year guidelines take precedence over older FAQs.

4. Scholarships Appearing in Older AEC Records

Q17. Which other scholarships appear in AEC's older records, and can they be relied on today?

AEC's historical institutional report for 2019-20 records beneficiaries under several additional schemes. This is evidence that the college reported such assistance in the past, **not proof that each scheme is currently open or accepted in 2026-27**.

Scholarship or assistance recorded historically	How to handle it
Bihar Post-Matric Scholarship	Historical record only; verify current domicile, scheme and institutional eligibility.
e-Kalyan	Historical record only; verify the applicable state scheme and current rules.
Merit-cum-Means (Institutional)	Historical institutional assistance; request current AEC policy.
Death of Earning Member Scholarship	Historical record; current eligibility and availability not verified.

Scholarship or assistance recorded historically	How to handle it
Alumni Scholarship	Also listed in AEC's 2024-25 policy; see the confirmed institutional section (Q3).
West Bengal Freeship Scheme	Government scheme; current application window must be checked.
Tuition Fee Waiver (TFW)	Admission/fee-waiver route subject to its own eligibility and seat-allocation rules.
National Scholarship Portal schemes	Individual schemes must be checked separately.

5. Documents Students Should Prepare

Q18. Which documents should a student keep ready?

The final checklist depends on the scholarship. These are common items to prepare - not a claim that every scheme requires every document.

- Aadhaar or another accepted identity document.
- West Bengal domicile/residence proof, where required.
- Family income certificate, where required.
- Caste certificate for applicable SC/ST/OBC schemes.
- Minority-related documents, where required by the scheme.
- Class 10 and Class 12 marksheets.
- Diploma or graduation marksheets for lateral-entry or postgraduate applications.
- Current admission receipt and college ID/bonafide certificate.
- Bank passbook or accepted bank-account proof.
- Entrance-exam rank card, where required.
- Previous-year/semester marksheets for renewal.
- AEC-specific proof for sibling, employee, alumni or topper scholarships.

Students should upload only the documents requested by the relevant official application portal and AEC.

6. How a Student Should Apply

Q19. What are the steps to apply for a scholarship?

1. **Identify the category:** merit and income, SC/ST/OBC, minority, girl student, disability, family/employment relationship, or entrance-rank-based relief.
2. **Check the official scheme guidelines** for the current academic year, including the eligible course and institution.
3. **Confirm whether AEC must verify, forward or approve** the application.
4. **Prepare the requested documents** and submit the application through the prescribed portal or college process.
5. **Save the application ID and acknowledgement;** monitor verification, correction requests and renewal deadlines.
6. **For AEC-specific scholarships,** contact the college's scholarship/student-welfare office to confirm the latest policy and availability.

7. Contact and Verification

Q20. Who should a student contact to verify current details?

AEC's published scholarship committee notice for 2025-26 identifies separate SVMCM nodal officers for different programme groups and an OASIS nodal officer. Because those appointments are academic-year-specific, ask AEC for the **current 2026-27 nodal officer and application instructions** rather than relying on an older staff assignment.

Q21. Where are the official resources?

- Asansol Engineering College - Scholarship Policy
- Swami Vivekananda Merit-cum-Means Scholarship - Official portal
- OASIS - Official portal
- Aikyashree - Official scholarship portal
- West Bengal Freeship Scheme - Government portal
- Chief Minister's Relief Fund educational assistance - Government portal
- National Scholarship Portal - Official portal

(The original chat showed these as hyperlinks; the web addresses were not visible in the screenshots, so search each name or ask AEC for current links.)
